Ok, so all you biatches on this site that hate me and my views, press the back button on your browser and don't read this blog....Simple solution, right??? Instead of reading things that you find offensive and leaving anonymous comments. For the others who appreciate what I write, continue.

Unfortunately, there will be alot of idiots on this site who did not pay attention to the title or the first paragraph warning. But either case, idiots will be idiots.

Now, to the rest of you, a heartfelt thanks for the kind comments and thoughtful inputs. But of course, to many people on this site, I am just a troll supporting myself. Whatever. Now, getting on to why I'm writing this....I'm hoping that the people who read this are the ones who are smart enough to know that if something offends you, you shouldn't read it. I mean, why the fuck do all these idiots on this site read my blogs, and tell me to shutup, I don't know what I'm talking about, etc. etc. ? It's fine if they happened across my blog for the first time and never heard of me on this site, but some of these people keep coming back for more and more. Why? I mean, how fuckin' dumb are they? It's like a person who rents a porno and then writes Jenna Jameson complaining they were offended by her performing felatio on a horse or some shit. Who twisted their arm and forced them to walk down to the video store, rent the porno, stick it into their dvd player and sit there and watch it? NO ONE! So why the fuck are they complaining after they watched it???

It's the same for the dumb fucks on this site. I have my own set of fans as well as my own set of critics (and critics is too nice of a word for alot of these people). If these idiots hate what I have to say and don't agree with me, WHY READ ALL MY BLOGS AND COMMENT ON THEM??? WHY KEEP READING MY STUFF? Why keep exposing themselves to that sort of abuse? That's like a black guy subscribing to the KKK newsletter.

Do they think that leaving anonymous comments cursing me and the few people who support me is gonna stop me from being who I am? None of you can change me, so just dont try. I like who I am and I'm happy with myself. Dont read my blogs, every single one, and keep saying I offended you. There are people on this site who keep coming back for more and more. It never ends. DONT READ MY BLOGS IF YOU DONT LIKE WHAT I HAVE TO SAY! I am not gonna stop writing, I'm not gonna suddenly find fat hairy girls attractive, and I certainly am not gonna wanna hang out with short ghetto "malu" guys from Ardsley.

I've been writing on this site for months and by now most of you should know that what sort of

personality I have. Will they heed the warning? No. Will they walk away after reading this blog taking my advice? Of course not. Will they refrain from leaving their dumb anonymous comments? Who the fuck knows?
